Professionals
Innovate:**

GInI General Facts:

- GInI operates the world's most recognized, comprehensive, and professionally-managed evidence-based innovation certification program for individuals. This program certifies Innovation Professionals & Managers, Design Thinking Professionals, Innovation Strategists, Chief Innovation Officers, and Innovation Assessors.
- GInI operates the world's most recognized, comprehensive, and professionally-managed evidence-based innovation accreditation program for business organizations. This program accredits business innovation assets, including Corporate Innovation Programs, Innovation Labs, Business Incubators, Accelerator Programs, Innovation Training Programs, and Innovations themselves.
- GInI has produced and copyrighted the world's only comprehensive body of knowledge reference book on the subject of business innovation – the GInI Applied Innovation Master Book.
- GInI is the only innovation certification body in the world having employed the globally-recognized role delineation study process in establishing its professional certification examinations.

- GInI certifications provide comprehensive verification of an individual's qualifications – affirming that they have achieved both the necessary academic education and work experience, and that they have mastered the essential knowledge and skills required to be able to operate competently in that role.
- GInI operates its own fully-dedicated, digitally-proctored exam site – the GInI Exam Center, found at exam.gini.org.
- GInI operates its own fully-digital certification center – the GInI Certification Center – from which it issues all of its certifications digitally with full blockchain traceability.
- All GInI certifications and accreditations are trademarks of Global Innovation Holding, registered in the United States and other countries.
- All GInI certification exam contents and outlines are copyrighted by Global Innovation Holding, registered in the United States and other countries.
- GInI is headquartered in Grand Rapids, Michigan, USA. • GInI was Founded in 2010.
